

Good Housekeeping starts with Safety...

A Montreal Landmark is modernizing with Ecoglo exit signs. In the heart of downtown Montreal, The Hotel Bonaventure Montreal is a true urban oasis. Located over the top two floors of the Place Bonaventure, a 17-storey commercial and business complex, the hotel combines the benefits of a working environment and a resort.

An architectural gem in terms of judicious space planning, The Hotel Bonaventure Montreal offers first-class conference rooms for organizing large and small meetings, exhibitions, conventions and weddings. Offering 397 spacious rooms including 5 luxurious suites, with stunning views of the gardens or the city. All rooms at the hotel have an ergonomic work area and free high-speed internet access.

Hotel Bonaventure is renovating its EXIT/SORTIE signs to the ISO Running Man graphical. The ISO graphical is now the standard for Exit signs in all of Canada.

In order to ensure that signs operate in any blackout, Bonaventure are using Ecoglo RMH Hybrid signs. Ecoglo RMH have the advantage of being usable even in low light environments but retain the advantage of Ecoglo signs Fail safe Photoluminescent operation in case of blackout. No batteries or back generators are required which eliminates cost and worry over safe back up operations.

Where electrical connections are difficult, Ecoglo RMA signs are used. Enhanced safety has never looked so good.
